

DOCKET NO.: MON-0292
Application No.: 09/887,970
Interview Summary Dated: March 7, 2006

PATENT

Amendments to the Specification:

On page 5, please replace the paragraph beginning at line 5 with the following:

Figure 1 depicts pleasantness ratings of swine slurry obtained with the LMS with the treatment indicated using a rating scale from -11 (extremely unpleasant) to +11 (extremely pleasant)(see text for details).

On page 5, following line 11, please remove the drawing.
